Read on for our pattern suggestions for a single skein of yarn, and choose from our wonderful yarns and knitting/crochet accessories to make these lovely projects.

This amazingly pretty, yet surprisingly simple knitting pattern is great for beginners who want to try out their first lace pattern, and also for experienced knitters who are looking for a quick, single skein pattern.

Knit this pretty scarf in our [Bamboo Fine](#) Yarn and 5mm [Symfonie Single pointed needles](#), for instant gratification.

Indian Feathers is yet another beautiful shawllette that you can knit in 270-440 yards of lace weight/light fingering yarn. This is a beautiful shawl to make with our lovely yarn [Diva](#). Diva is a 100% microfibre acrylic yarn, which means you would have a machine washable shawl which wouldn't require much blocking. What's more is that you would have a shawl to wear in every season n India.

This scarf is made from a simple 2 row repeated pattern, and would be a great project for a beginner. It goes very quickly! A great project to make with a single yarn ball, this scarf makes an excellent gift option too.

We recommend you hook this scarf with our beautiful Linen yarn [Bodrum](#) and use a 4mm [Waves single ended crochet hook](#).
