

AllKraftz wishes you all a very happy, colourful and joyous Holi !

AllKraftz Salutes the spirit of Womanhood ...

Lets do some selfish crafting this month!

Join us in our Women's Day Knit/Crochet-a-long. Choose a knitting or crochet pattern you like and knit or hook a scarf/shawlette, something you'd like to gift yourself. The K/CAL would flag off on the 8th of March, and would conclude on the 15th of April. One of the participants would receive a hamper of goodies from AllKraftz. Read in more detail [here](#).

Olek - ST+art Bus Project

Olek is a famous Polish Crochet artist who has collaborated with St+art India foundation to create India's first ever crochet installation. An entire DTC bus and a Women's shelter would be covered in crocheted pieces, made by Indian women, as a symbol of their creative expression. AllKraftz is contributing to this cause by providing crochet hooks for the entire project, as well as helping in crocheting the pieces by delegating 14 women from the KnitPro factory to work full-time on this project.

Olek interacted with our factory workers, who had brought with them their crochet creations. She was so happy to see all that they had made, she told them she would use whatever they make for the project, without dictating her own patterns. She told stories about her experiences of working with people in different countries, and our crafty workforce shared their creative experiences with her.

Here are a few pictures of her visit to our offices:

Finally, wishing you have a Holi as colourful and bright as our Waves Crochet Hooks

If you've already bought products from us, we are eager to hear about your experience of crafting with them. Share your crafting stories with us at feedback@allkraftz.com
